1.

In the Ancient African Tradition, **Maat is the Goddess of: Truth, Balance, Equity, Order, Harmony, Law, Morality and Justice.**

2.

The Ankh is the symbol of African Spirituality

It means that, **our revolution is unapologetically rooted in African Spirituality**, firmly based on the Maatic Principles of Equity, Complementarity, Justice and Harmony **and radically aimed at upholding the values taught and bestowed upon us by our Revolutionary Ancestresses and Ancestors.**

3.

The Papyrus with hieroglyphs represents Education, Science and Training that are provided by the **Knowledge and Wisdom of our Ancestresses and Ancestors and our own personal efforts and research**

4.

Our logo presents Africa's True Map in its right location, as it shows Africa at the center of the world, which is actually Her true position in the right geographical dispensation of the globe.

Indeed, the current widespread geographical maps are Eurocentric, racist and imperialist as they wrongly put Europe and whites at the center, pushing us at the margins of the world geography and history.

Therefore, by reinstating Africa at her right location, our map rectifies and corrects the historical racist and imperialist falsifications and distortions made by Europeans.

We also feature all the Islands belonging to the African Land Mass, because we refuse to exclude anything and anyone belonging to our Great Nation.

5.

The Capoeira (African Martial Art mostly known through and popularized worldwide by the Black Diaspora in Brazil) **stands for Warriors' Skills learned and strengthened through Sport and Physical Exercising**

6.

The Spears and Shield represent the Warrior's Weaponry

7.

The **Red Chains** represent all the forms of **foreign and internal oppression** that are destroying Africa.
